| NOTE:<br>1. For all subjects except AD, students must be engaged in the campus with Lectures/Workshops/Learn Lab activities till 1:15 PM,<br>2. Site visits are to be scheduled from 1:15 PM onwards.<br>3. Site Visits are mandatory for AD, MMBC, BS, and STR Subjects<br>4. Studio coordinators to coordinate for subjects handled by visiting faculty.<br>5. Special provisions may be made for site visit requests during the week to ensure that classes remain undisturbed, with alternate or swapped class arrangements implemented to maintain the smooth functioning of the studios. |                       |                                                         |                                                |                                                 |                                                |                               |                    |                               |
